Amplified turns music into a social experience

Share your music. Listen together. Find a community.

# User Guide

## Create a profile

- Input your favorite artists, albums, or songs!
- Choose up to 5 songs on your rotation
- Optionally, sign in with Spotify or Apple Music to curate music and display stats based on your previous listening

## Share and explore music

- Social media like feed, where you can post about artists, albums, or songs!
- See what your friends are listening to
- Explore what similar users around the world are listening to
- Listen to music synchronously while messaging a person or a group chat

## Support independent artists

- Share their music and help them gain listeners
- Checkout the marketplace to buy merch and other goodies directly from the artist
- Find small and local shows based on artists and genres
