ULearn

welcome to the best step of your learning journey

ULearn is an education software that uses sophisticated AI/machine learning to adapt to your unique learning needs!

ULearn prompts you to take a diagnostic evaluation so that it can understand your learning strengths and areas for improvement.

*ex: visual, auditory, kinesthetic

With state-of-the-art AI and machine learning algorithms, ULearn identifies what pedagogical approaches and modes of learning* work best to help you learn!

ULearn Database

#1

ULearn connects to our **award-winning database** of unlimited educational material to teach you **anything** in *your unique learning style*!

ULearn is compatible with PC, Mac, Linux, and ChromeOS

Ages 4+, anyone can learn!

Flourish By learning anything!

maryam tsegaye

Features:

Seamless transfers!
ULearn syncs with your school's online platform and scans the content being covered in your class to create your learning plan∗

*optional step. You can also just browse and explore the ULearn database! *Flourish through the sheer joy of exploration!*

For foreigners entering a new school system: Set your home language and target language so ULearn can gradually teach you and help you adapt to your new curriculum! No need to be placed below your true capabilities because of language barriers!
Not too fast, not too slow!
Our patented **Goldilocks Teaching™** technology ensures no learner feels overwhelmed by the pace of lessons. Everyone should feel capable and confident when learning!

Additional diagnostic for those with learning disabilities:
The research behind ULearn is based on empirical evidence. We have consulted psychologists and educators around the world to design the best education approaches for those with learning disabilities.

Studies have proven that learners with dyscalulia show significant improvement after using ULearn's interactive math simulations and guided auditory narrations.

If you can't access a specialized educator, ULearn is just what you need!

ULearn learns from YOU!
ULearn asks for your feedback and tracks your progress so you shape your learning path.

**All the world's lessons have never been so accessible.**

Quick Setup Guide:

Open your browser and access our website
(enter www.ulearn.com in the search bar)

www.ulearn.com 🔍

Create an account on our website and sign in

ULearn🎓 : LearnR account

Enter your product purchase code

if purchased online: check the email you created your account.

if purchased from a retailer: purchase code is included in the packaging.

if purchased in bulk for schools, districts, etc: contact your school administrator.

Download the ULearn Portal

Quick, basic lessons can be taken on our website, but to access the full ULearn experience with our educational AI, you will be prompted to download ULearn's Portal.

Take the diagnostic assessment

This should take approximately 15-20 minutes of your time. Find a suitable place where you can focus and take the assessment.

You are now a LearnR!

Sync your schoolwork and create a learning path or just enjoy exploring and *understanding* the universe at your fingertips!
