

# YouVote

a system designed to virtually connect  
campaigns and constituents  
ahead of the elections

START

provide  
information  
about  
representatives

People

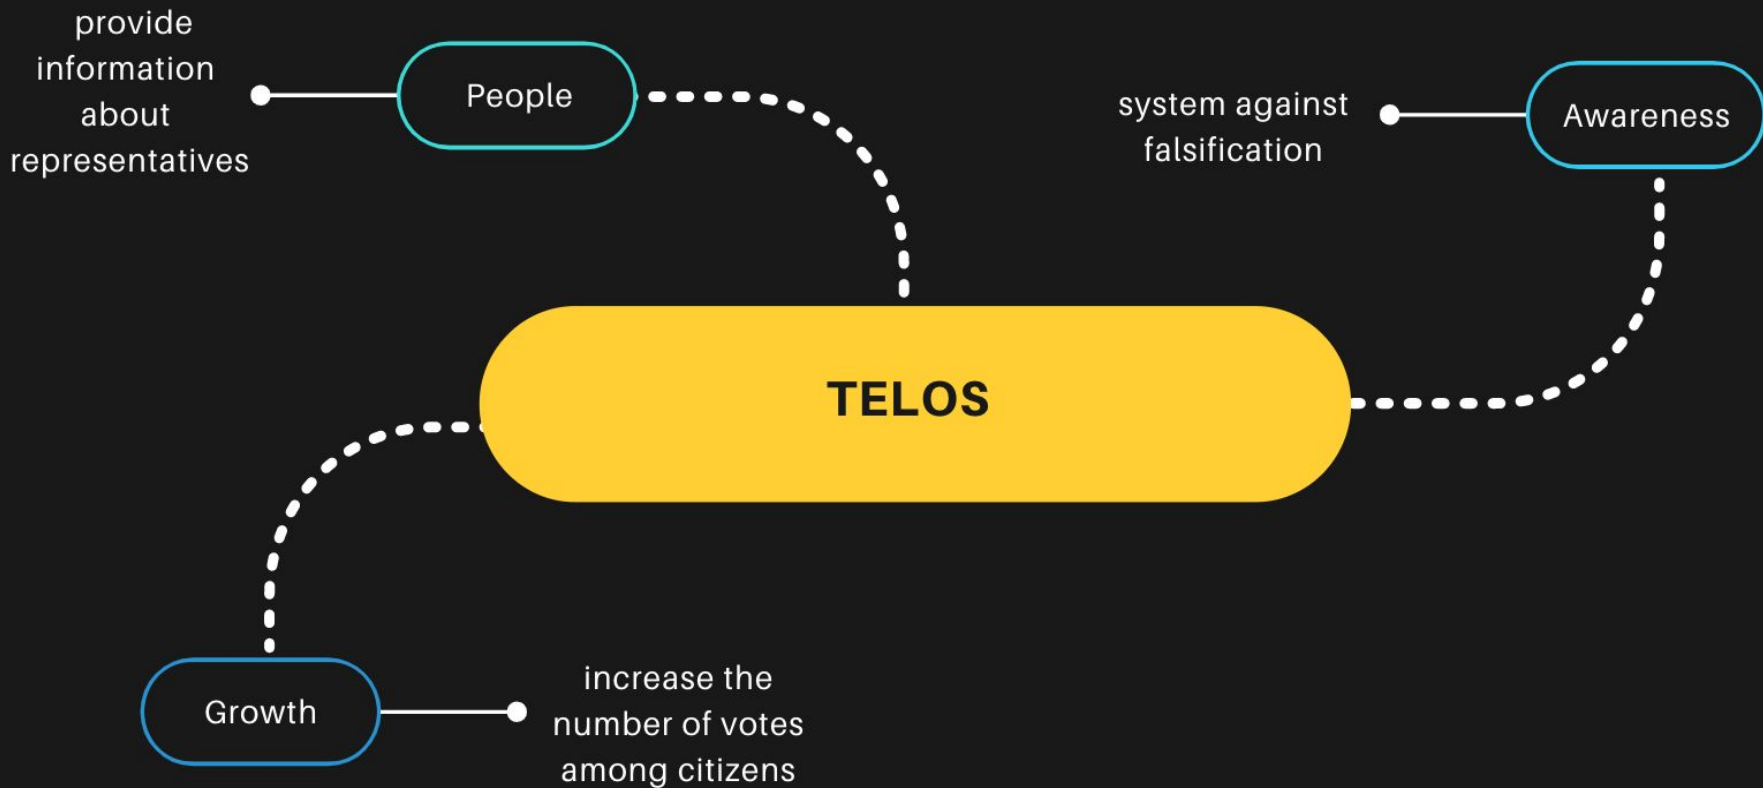

system against  
falsification

Awareness

**TELOS**

Growth

increase the  
number of votes  
among citizens

# USER EXPERIENCE

## Action 1

A platform provides a political background of each candidate, campaign, biography, and electoral experience

## Action 2

The collected information from multiple sources will be posted, as well as consults with local experts and analytical prognosis

## Action 3

For the audience engagement under the candidate's post, verified users of the platform (upload of a government-issued ID) may leave a comment or an observation

## Action 4

YouVote helps to take the first step towards bringing real competition back into our political life
